

# Role of Caregiver

“helper” to our family can be risky and scary

Dad  
Long Term Care—  
Keep safe

Mom  
Home now—  
maintain  
independence

Niece  
Disabled  
Long Term Care—balance  
quality of care and  
quality of life

# Barriers

Education

Time

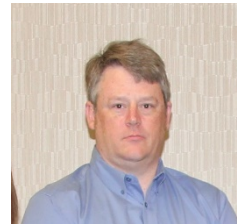

Changes in Healthcare

Caring, compassionate model to business model

MEDICATIONS

# The issues with Medications

- ▶ Changing providers
- ▶ Changing formularies
- ▶ Lose of “continuity”
- ▶ .....
- ❖ What I have is a healthcare work team that the usual patient/family does not have.  
They help me keep my family safer.

# Why my story

- ▶ My family is NOT unique
- ▶ These barriers are painful to families
  - ▶ AND
- ▶ Costly to facilities and providers
- ▶ Lose of confidence
